UNOBSTRUCTED GAMBLING REVEALED AT CITY BOARD MEETING MONDAY NIGHT

At the City Board meeting Monday night Thomas F. Curran called to the attention of the board the fact that gambling has been in operation in the city in open defiance of the law. He cited cases where gambling for money had been carried on that afternoon, he also informed the board that one place had been notified by Chief Collins to close but others were allowed to play for money without interruption.

When asked by members of the board if he would bring evidence before the board to show that gambling was in progress, he stated that he would and asked the council to set a dated when they wanted the evidence, further stating that he could produce witnesses that evening if the board desired.

Trustee Ryan informed Mr. Curran that the board was not ready at this time to hear the evidence and asked Mr. Curran if he would be willing to appear as a witness against the party whom he accused, he promptly replied that he would and that he would bring others who would do likewise.

Chief Collins was asked if he was aware of any gambling in the city. He stated that had notified one pool room to discontinue playing cards for money and that he complied with the request but was unaware of any other gambling in the city.

Trustee Ryan told Mr. Curran that he had the word from the Chief that he knew of no gambling in the city and his word that there was and that until Mr. Curran brought more evidence he would be inclined to believe Mr. Collins.

Mr. Curran spoke of the unlawful operation of punch boards, almost every retail store in the city had a board which gave as prizes, candy, dolls and other merchandise including money.

Mr. Curran intimated that favoritism was shown by the Chief of Police in closing one place and permitting others to run their games, and further stated that he could see no reason why the Chief was not aware of the games running, as Mr. Morley was conducting his game in the open pool room.

Mr. Collins stated that he took the punch board matter up with the city attorney last summer and was told that punch boards when operated for candy would be allowed to run.

City attorney explained to the board that a few years ago there were some punch board operating for pistols, knives, money and other merchandise and that the board at that time ordered all such boardstopped except where candy was offered as prizes.

Trustee Tuchsen asked Mr. Curran if he would be willing to testify against Mr. Morley on a charge of gambling. He said that he would.

When asked how long it had been since he saw gambling for money in Redwood City, he said "today, I played cards in Mr. Morley's pool room this afternoon."

It was decided to get the names of several witnesses from Mr. Curran and have them appear before the board next Monday evening.

Trustee Tuchsen stated that the marhsal should carry out the law as the board writes it and that the Chief should have free rein in enforcing the law, that the Chief should not feel as though he should ask the members of the board on matters of violating the ordinances of the city.

Mrs. Smith, who lives on Oak Knoll Manor appeared before the board and protested against the oak trees in the streets in Redwood Highlands. Mrs. Smith recently had a narrow escape from a smash-up on account of the trees.

A large delegation appeared before the board from the Highlands, some favoring the removal of the trees and others pleading for the board to spare them. The matter was referred to a committee to investigate.

The matter of a plumbing inspector was discussed. Three applications for the position were read, from Con Drathman, A. W. Grimmenstein of Redwood City and one from A. A. Larrouy of San Bruno. Accompanying the latter's application was a recommendation from the master plumbers of this city.

After considerable discussion about appointing a plumbing inspector from out-of-town Trustee Tuchsen informed the master plumbers who were present that only recently they objected to appointing a plumbing inspector from out-of-town, and asked the plumbers why they changed their mind in this case.

Mr. Brand explained that Mr. Larrouy was the secretary of the county plumbers' organization and that he would soon move to San Mateo to enter upon the duties of inspector of plumbing and building in that city and would not be kept busy in San Mateo and the plumbers here could get him at any time. However the board was averse to appointing a man from out-of-town unless they coud not find a man here to do the work. There being two local applicants for the position it was decided to appoint Con Drathman to the position.

The Boy Scouts sent a communication to the board asking for aid to carry on their work for the ensuing year. After some little discussion the board voted to give $100.

The following dance permits were granted:

Foresters Hall Association, December 11 and 18.

Redwood Circle of Druids, January 8, 1921.

The board voted to purchase $10 worth of Tuberculosis stamps from the Red Cross Society.

Yesterday morning a baby boy was born to the wife of John Leahy of this city. Mrs. Leahy was formerly Miss Feliz. Mother and baby are doing nicely.

The stork left a baby girl at the home of Doctor and Mrs. George O'Sullivan last Wednesday.

TAXES WERE PAID PROMPTLY THIS YEAR BY CITIZENS

Tax Collector A. McSweeney is highly elated over the result of his collection of county taxes for the first installment. He took over his counter $840,000, leaving a balance of $360,00 to be collected on the second installment, the total amount of taxes being $1,200,000. The large amount collected on the first installment is the greatest sum ever collected at the initial installment in the history of the office. This shows the prosperity of the county. A vast number of taxpayers paid both nistallments.

The largest taxpayer of the county is the Spring Valley Water company who paid to the tax collector the sum of $64,991.11, its first installment. The largest individual taxpayer is James L. Flood of Menlo Park who paid $18,991. His vast estate in Menlo Park is the largest in the county.

Much credit is due Mr. McSweeney for his energy and vigilence in notifying the property owners and urging them to settlte. Every taxpayer in the conuty is sent a postal card stating the amount due and urging payment. He also makes trips through the county calling on the taxpayer, thus making it convenient for the busy business man and property owner to settle with the county.

Mr. McSweeney is one of the most proficient, courteous and obliging collectors San Mateo county has ever had.

Miss Rose Swift of Redwood City, former matron of the County Detention home, appeared before the board in the matter of a claim she had for moneys advanced and for supplies such as dishes and kitchen utensils furnished while she was in charge of the institution.

At the suggestion of Supervisor Hickey, Miss Swift agreed to submit an itemized statement of her expenditures to the board at the meeting of December 20.

John J. McGrath, postmaster of San Mateo, heading a delegation from that city, addressed the board and urged an appropriation of $500 from San Mateo county to aid in the campaign that is being waged to bring the Naval base to Coyote Point, San Mateo county. McGrath pointed out the bright prospects of securing the base and what its location at Coyote Point would mean to the entire county. The City of San Mateo has already voted $200 toward the project and Burlingame has been applied to for financial aid.

The supervisors, on motion of Hickey, seconded by Thompson, voted to appropriate the $500 asked for out of the county advertising fund.

San Mateo county's quota is 14 and so far, Hoffman explained, only two of these have been secured.

M. H. de YOUNG FOR CABINET POSITION

A number of worthy men of California have been mentioned for cabinet positions. The names of Congressman John I. Nolan, Congressman Julius Kahn and Mr. Lindley of Stockton are being put forward by their friends. They are all splendid citizens, good republicans and representative men. Any one of would do credit to the state.

However there is another whose name has not been men in this connection whose repul ism runs back for forty years, work for the party in well-know who is admirably fitted for t sition both by admitted abilit temperament. We refer to M H. de Young, the able editor San Francisco Chronicle.

Mr. de Young in season an of season has worked for the s of the republican party. For years the Chronicle has foug battles of the party in Californi swerving from its duty and rushing after false issues. M Young has been a constant an sistent republican always.

To give him a place in the Ha cabinet would be only a gracef knowledgement of faithful se rendered to his party and a du preciation for the splendid work for the republican party durin past forty years.

No paper in California gave a l service to the cause of Hiram Johnson in his campaign for the idency last spring than the Ch cle. Mr. de Young devoted a portion of the paper to that w cause.

During the last campaign the C icle was the only paper in San cisco. that supported Samuel Shortridge for the United States ate. The Chronicle did yeoman vice for Mr. Shortridge. It was agency that brought about the for the new senator in San Fra co. Both at the primary electi August and at the November ele the Chronicle gave columns ever to the Shortridge cause.

No man in California is mor serving of a cabinet position tha de Young. He is a philanthr having given large sums to G Gate Park to beautify that attra place for the people of the city. is a man of large means and therefore entertain lavishly at W ington, is a fluent speaker and an executive of well-known ability and a diligent worker.

Mr. de Young would be a credit to the state and nation in the Harding cabinet and let us hope the president-elect will give him due consideration in looking over cabinet timber.

NEWSPAPER MEN GENERALLY ARE FORGING TO THE FRONT

Newspaper men should be encouraged by the way men of the craft are being recognized these days and should be up and doing.

On March fourth, next, a former newspaper man will be the chief executive of the country. Mr. Harding, like many other journalists, started from the bottom of the ladder. By industry and ability he worked up to a proud political position in his native state, Ohio. He embraced opportunity, by study and close observation he gained a pre-emi-

NEW PROGRAM FOR THE PUBLIC HEALTH SERVICE

The Welfare and Public Health Service of San Mateo County wishes to make a public announcement of the adoption of a new program of activities.

A Preventorium for boys from five to thirteen years of age, has been opened on Poplar avenue and C street San Mateo. Upon this home, the Welfare and Public Health Service will largely concentrate its efforts.

We wish, however, to announce that we shall continue to maintain our Dental Clinics at 207 Second avenue, San Mateo on Mondays and Fridays from 9 a. m. to 12 m, and at Daly City on Tuesdays from 9 a. m. to 12 m. Here, children of families who are temporarily reduced financially may receive treatment free, or by paying according to the income of the family.

The Welfare and Public Health Service will receive at its office, 207 Second avenue, San Mateo, application for guidance and aid on reports of cases for investigation where the case can distinctly be classed as Preventive Tuberculosis work. When necessary, tonsil and adenoid operations will be arranged for, but this organization cannot in the future undertake hospital cases for adults as these cases in tubercular patients involve a longer and greater outlay of funds than the organization feels justified in assuming.

In families where extra milk is needed, this organization will, after due investigation, supply the necessary amount to insure sufficient nourishment to the patient.

This organization now will be known as the Anti-Tuberculosis Association of San Mateo County and as such has sbeen appointed by the tSate Association, to take charge of the Christmas Seal Sale.

Seventy-five per cent of the funds obtained from the Seal Sale, are administered by the organization which sponsors the sale. These funds will be used for preventative Tuberculosis work throughout the County of San Mateo.

All cases reported to the Welfare and Public Health Service will be investigated by a field worker accredited by the State Association and relief will be administered according to the reports. Cases will be received, investigated, aided or discharged in the priority of application irrespective of their locality in the County. No case favorably passed on by the field worker will be refused aid until the Seal Sale funds are entirely exhausted and we trust that through the generosity of the numerous private subscriptions to the Welfare and Public Health Service, no worthy case will ever have to be refused.

Report of Tuberculosis Expenses

M. H. de YOUNG FOR CABINET POSITION

A number of worthy men of California have been mentioned for cabinet positions. The names of Congressman John I. Nolan, Congressman Julius Kahn and Mr. Lindley of Stockton are being put forward by their friends. They are all splendid citizens, good republicans and representative men. Any one of them would do credit to the state.

However there is another citizen whose name has not been mentioned in this connection whose republicanism runs back for forty years, whose work for the party in well-known and who is admirably fitted for the position both by admitted ability and temperament. We refer to Mr. M. H. de Young, the able editor of the San Francisco Chronicle.

Mr. de Young in season and out of season has worked for the success of the republican party. For forty years the Chronicle has fought the battles of the party in California, not swerving from its duty and never rushing after false issues. Mr. de Young has been a constant and consistent republican always.

To give him a place in the Harding cabinet would be only a graceful acknowledgement of faithful services rendered to his party and a due appreciation for the splendid work done for the republican party during the past forty years.

No paper in California gave a better service to the cause of Hiram W. Johnson in his campaign for the presidency last spring than the Chronicle. Mr. de Young devoted a good portion of the paper to that worthy cause.

During the last campaign the Chronicle was the only paper in San Francisco. that supported Samuel M Shortridge for the United States Senate. The Chronicle did yeoman service for Mr. Shortridge. It was this agency that brought about the vote for the new senator in San Francisco. Both at the primary election in August and at the November election the Chronicle gave columns every day to the Shortridge cause.

No man in California is more deserving of a cabinet position than Mr. de Young. He is a philanthropist, having given large sums to Golden Gate Park to beautify that attractive place for the people of the city. He is a man of large means and could therefore entertain lavishly at Washington, is a fluent speaker and an executive of well-known ability and a diligent worker.

Mr. de Young would be a credit to the state and nation in the Harding cabinet and let us hope the president-elect will give him due consideration in looking over cabinet timber.

NEWSPAPER MEN GENERALLY ARE FORGING TO THE FRONT

Newspaper men should be encouraged by the way men of the craft are being recognized these days and should be up and doing.

On March fourth, next, a former newspaper man will be the chief executive of the country. Mr. Harding, like many other journalists, started from the bottom of the ladder. By industry and ability he worked up to a proud political position in his native state, Ohio. He embraced opportunity, by study and close observation he gained a pre-eminent position in the nation. His success is a good lesson to the young editor starting out on a career.

There is a serial story now running in the San Francisco Call concerning the career of Frank Bacon, one of the iountry's foremost aators and authors. All old settlters in Redwood City will recall Bacon as the live editor of the Mayfield News twenty-five years ago. He was well-known in this community then. He remained at the head of that paper for some years finally leaving newspaper work and engaging in the show business. His rise in the professional line has been marvelous. Bacon is strictly a western man having been born on a farm near Marysville 56 years ago. His nareer is worthy of emulation by the youth of the land and particularly by the young editors.

Frank Bacon in the role of "Lightnin' Bill Jones," the star of "Lightnin'," which is now in the third year of its record-breaking run in New York. His first theatrical venture was that of an amateur minstrel. In company with other boyhood friends in San Jose he organized a troupe that invaded Gilroy for its first professional performance. Few imagined Bacon would some day appear as the author, producer and actor in a play that would enjoy the longest run in the history of the American stage.

EMMA VOOS SEEKS DIVORCE

MENLO PARK NEWS OF ALL SORTS

The last vestige of Camp Fremont was removed this week when the government shipped the rails and ties taken up from the track running in from the Southern Pacific railroad company's line. They had been piled up for some time on the property of the company. They were shipped under the superintendency of H. S. Brown to th Phillipine Islands.

The rainfall for the present storm has been a half inch, making a total of 5.05 inches for the season. This is far beyond normal.

The Oak Grove Villa under the new management of Joseph Nash is doing a very lucrative business. The meals served by him are wholesome and tempting. The place is crowded. Mine host Nash knows how to do things. The Oak Grove Villa will be more popular than ever.

H. J. Reandeau, of the Camp Garage, has received a large invoice of Timesco tires. All purchasers of this tire are given free a red rubber inner tube. Mr. Reandeau is an enterprising business man who tries to please the public.

The large community pumping plant and irrigating system for the Fourth Addition to Runnymede is now completed and the immense reservoir is filled with water. The large central co-operative pumping plant solves the problem for an abundant supply of irrigating water at the cheapest cost possible. Individual plants are becoming too expensive for small farms and the community pumping plant is destined to become an imoprtant factor in intensive agriculture and the little farms development. From one large reservoir one hundred acres or more can be irrigated and each individual acre will have a much larger flow of water than is possible from a small individual pump. The running expense of one perfectly installed modern pumping plant is much less than that of many individual pqumps. The saving of time on each little individual farm will be considerable.

The well from which this water is pumped is 16 inches in diameter and 315 feet deep. It has 75 feet of water bearing gravel. The pump is a Byron and Jackson turbine pump thirteen and a half inches in diameter with six bowle set 100 feet from the surface.

The reservoir is 120 feet wide and 180 feet long and nine feet deep with sloping sides holding over one million two hundred thonsand gallons.

It is made of heavy cement walls with asphalt covering. From this res ervoir is a ten inch cement pipe line with eight inch laterals reaching to each acre in the 100 acre tract. There is also a domestic water line from a high tank running paralell with the irrigating line.

Surrounding the reservoir will be a series of dressing rooms for bathers when the plan is completed. This will make one of the finest swimming pools in the state and will add much to the interesting features of Runnymede. A large modern gymnasium may also be erected in conjunction with the swimming pool. Tennis courts and athletic grounds are part of the tentative plans. When the plan is completed Runnymede will have as fine a community center as any community of little farms can boast of.

Runnymede has outgrown the first Club House long ago and already overflows the second Club Room in the New School House and is now contemplating a large and commodious club house that wil take care of the growing needs of the community.

Plans to make Christmas a festive occasion for the ex-service men at the U. S. Government hospital, at Menlo Park, are being made by a committee of Palo Alto women, with the cooperation of the various churches and organizations of the city. To further the enterprise, collections were taken on Thanksgiving Day at the union church service, and at the moving picture theatres in the evening. At the morning service $81 was received and at the two movie theatres in the evening $111 was added. Boxes of Christmas delicacies will be packed for the men at the hospital. Contributions of nuts, meats, candied fruits, stuffed figs, candies, cigarettes chocolate or gum are in order. The committee in charge has already received many offers of assistance. It wishes publicly to express its appreciation of all such co-operation, of the kindness of the managers of the two theatres in allowing collections for the purpose to be taken up Thursday evening, and of those whose Thanksgiving offerings so greatly swelled the fund.

The contemplated purchase of ten acres of land in the residential section of Atherton, has thoroughly aroused residents of that community, who have appealed to the Japanese Exclusion League for action. District Attorney Franklin H. Swart is investigating the matter. The land to be acquired by the Japanese for farming purposes is on Selby Lane, in the restricted home section of the peninsula. Nearby are the families of Dr. E. Westphal, Matt A. Harris, Dr. Albert Howard and the Judge Henshaw estate. Dr. Howard asserted yesterday that a Los Angeles banker was responsible for the sale to the Orientals. He stated that he recently purchased six and a half acres from Tracy Q. Hall for $40,000. He also sought to obtain the ten acres later secured by the Japanese but alleges that Hall quoted him $1700 an acre, which he turned down and that later Hall is said to have sold the ten acres to the Japanese for $1050 per acre. Dr. Howard is of the belief that the Japanese are determined to gain possession of all land possible before the new land law becomes effective this month. The case will be brought to the attention of the Attorney-General by the officials of the Japanese Exclusion League.

Willian Sullifant has leased quarters in the O'Keefe building and is to open tonsorial parlors at once. He is an artist in his line.

The Companions of the Forest will give a card party in Native Sons hall on December 21. Admission 25 cents good prizes are to be awarded.

Mr. Shearer, the tomato king, has leased the lands of the Sharon estate and will engage in farming. He will not raise so many tomatoes next season as he has in the past. Canned tomatoes are now a glut on the market.

The frequent visits of W. T. Casey, the popular plumber, to the Letterman hospital, lately, are arousing many suspicions among his friends. What is the attraction? May be he is going there to see some sick soldier friend. However his close friends wink and say he is lured to the institution by a pretty eastern nurse.

Arthur Midgley is up from Los Angeles to spend the holidays with relatives.

Raymond Kelly has returned from a San Jose hospital where he underwent a slight operation recently. He will resume his work in San Francisco in a short time. Ray is one of our popular young men.

"CALIFORNIA HISTORY" WAS TOPIC FOR WOMANS CLUB

The San Mateo County Federation of Womans' Clubs held an important meeting yesterday at the Redwood City Woman's Club House in Redwood Highlands. California History was the thought of the program. The business meeting was held at 11 o'clock, followed by luncheon with the Redwood City Club women as hostesses. Delegates from all affiliated clubs were present. There were a large number of club women from Atherton and Redwood City present.

Mrs. Henry Gervais prepared the following program, which was well received by all:

Letter from Dr. Bertola, president of the state.

Paper—Mrs. Anne Anderson, state chairman of history and landmarks of California.

Tableaux—"The First Settlers," "Legend of the Corn," Mesdames Bannerot, Reardon, Hockaday and Bastain.

Music—Trio: "Carmenia," "Voices of the Woods," Mesdames Gearhart, Haas and George Sneider, accompanied by Mrs. Carl Beal.

"Anson Burlingame and Hiss Times," Mrs. Forna Wait Colburn.

"Personal Reminiscences," by Rev. Dr. Brewer.

"Glimpses of Old Settlers of Redwood City."

Vocal solos—Mrs. Gearhart.

Community singing, led by Mrs. Gearhart.

During the afternoon Mrs. Clarence Walker, state chairman of Community Welfare, will explain her activities.

There was also an interesting exhibit of books and pictures of early days.

FAREWELL PARTY TENDERED HAZEL AND MILDERD LAMB

Miss Hazel Lamb and Miss Mildred Lamb, the talented daughters of Mr. and Mrs. Henry Lamb of this city, were given a farewell party by their young friends at San Mateo on Thurs day evening prior to their departure for Sacramento.

The young ladies have an engagement there with Kolb and Dill for a week at the Capital city.

On their return they will make make their debut as professional actresses at the Columbia theatre on December 13. Up until now they have given amateur performances in all the bay counties meeting with success always. During the week the young ladies signed a twenty-week engagement with Kolb and Dill, the well-known comedians, for the production of "The High Cost of Living" which had such a run in San Francisco several years ago.

The two sisters are to receive a handsome salary. The company will show in Los Angeles, Seattle and Salt Lake City. The company may go later to Australia and from there to Europe. The two Redwood girls have a bright future on the stage and they are certain to relect glory on their own home town.

The two sisters are exceptionally talented, both of them possessing voices of exquisite sweetness, Mildred being a clever dancer, while Hazel excels in the playing of the piano and other instruments. They are both graduates of the Sequoia Union High school and while attending that institution took leading roles in all the school plays and operettas. During the war the girls played an important part in the entertainment of the soldier boys at Camp Fremont and in other camps in the bay section They became very popular and their presence was always sought. They have had several opportunities to enter professional vaudeville and only two weeks ago were offered an engagement with a big stock company to go to Australia, but did not accept. William Kolb, manager of the Klob and Dill company, heard of the two sisters and when he arrived in San Francisco a short time ago wrote to them, asking them to call and see him. They did so on Monday after a short try-out, Kolb expressed himself as delighted with the ability of the Redwood girls, and immediately oered them an engagement.

REDWOOD CITY LADIES COMBAT THE HIGH PRICES

For many months the ladies of the Congregational church have been working and planning for the elaborate Christmas Bazaar which opened last evening in the Odd Fellows hall on Main street, and which will be continued this afternoon and evening. At noon today, and continuing throughout the sale, the men of the church will serve lunch, offering salads, sandwiches, pie, doughnuts, and coffee. D. W. Williams and C. M. Doxsee are in charge of this department, and are proving to be excellent chefs. Mr. Doxsee already enjoys an enviable reputation as a maker of fine "Ho-maid" doughnuts, which are large, crisp and delicious, and are served with fine coffee at pre-war prices.

The display of handiwork is the most beautiful ever seen in this city. Fancy needlework of all kinds, from rag dolls and pin cushions to elaborate tablecovers, is offered for sale by the ladies, at prices that please you and show the futility of going to San Francisco for Christmas gifts. This is the place for husband, brother, son, or sweetheart to obtain suitable gifts for the ladies, without having cold shivers run down his back as they sometimes do in the city gift shops a few days before Christmas.

Choice home-made cakes, pies, and other delicious home-made dainties will be sold on Saturday afternoon. Attractive booths have been arranged, the hall is prettily decorated, and excellent music will be provided this evening.

Everyone is heartily invited to attend this affair, where full value will be given for money expended, and in addition the purchasers wil have the pleasure of knowing that the funds obtained will go toward the erection a beautiful new church here next spring. You are welcome whether you buy or not.

Odd Fellows hall, Saturday noon, afternoon, and evening.

BOARD OF EDUCATION MEETS

The San Mateo County Board of Education are meeting today at the court house. The members are engaged in examining papers of certain eighth grade pupils of the county. Should these pupils receive the required percentages they will enter the high school after the first of the year. In failing they will be compelled to take an examination given by the board.

The board is also transacting other routine business.

REDWOOD MAN INJURED WHEN AUTO HITS A TREE

Motorists have dodged the big oak tree on the right hand side of the Emerald Lake road, near Redwood City, ever since automobiles were invented, but R. H. K. Smith, business man of San Francisco and resident of Redwood City, set a precedent last night by running his car head on into the oak. Smith received numerous body injuries and a badly cut leg. A twelve-year-old boy, who was with Smith at the time, received several cuts and bruises about the face and bead. Both parties were treated by Dr. J. P. H. Dykes.

Some steps should be taken to remove these trees from the center of the road. They are a menace to life. Sentiment should be set aside and these oaks removed at once.
